PROFILE

Third-year B.Tech student with academic and practical exposure to Artificial Intelligence and Machine Learning. Placement Coordinator of my institute, managing placement-related activities, coordinating with recruiters and assisting peers in preparing for internships and job opportunities.

EDUCATION

Bachelor of Technology in AI & Data Science Muthoot Institute of Technology and Science

2023 – 2027 | Kochi, India

- With minor degree in Mathematics
- Current CGPA: 8.23

Higher Secondary Education, Sacred Heart CMI Public School

2021 – 2023 | Kochi, India

- 12(CBSE): 91%

SKILLS

Programming Skills: C, Python, Java, R

Frameworks/Tools: MERN, SQL, MongoDB, VS Code, HTML, CSS

Creative & Design: Photography, Video Editing, Presentations, Figma

Soft skills: Public Speaking, Extempore, Communication, Teamwork, Leadership, Problem-solving

Core Areas: Machine Learning, Data structures, DBMS, OOPs, R, Natural Language Processing, Data Science

PROJECTS

Mental health Companion ChatBot

Chatbot that detects user mood via sentiment analysis and generates empathetic motivational responses plus a relaxation tip.

Todo App

A MERN stack to-do app for adding, updating, and managing tasks. Built to practice full-stack development skills.

MediScan (Hackathon Project)

Developed an AI-based medical assistance tool that analyzes user-input symptoms to provide preliminary health insights and recommendations.

Resume centric AI career advisory system

An intelligent system that leverages AI, NLP, and ML to analyze resumes, evaluate career suitability, identify skill gaps, and provide structured career and reskilling recommendations.

AI text to Video

Converts text prompts into short AI-generated videos using diffusion models. Shows you understand multimodal generation.

EXPERIENCE

Edunet Foundation(IBM SkillsBuild & ASAP Kerala), AI & Machine Learning Intern

- Completed a 4-week internship focused on AI & ML, build a Student Wellbeing Chatbot as a part of the internship.
- Learned ML fundamentals, AI concepts, and industry use cases through IBM SkillsBuild.

WORKSHOPS AND HACKATHONS

AICTE–HEI Pre-Summit Workshop | India AI Impact Summit 2026, MITS, Kochi

Attended a hands-on workshop introducing AI tools, practical setups, and industry-oriented workflows as part of the India AI Impact Summit pre-event.

HackOrg Workshop, Kerala Start Up Mission(KSUM), Kochi

Attended a workshop on hackathon organization, problem framing, and team coordination

Hackathrone Hackathon, VIT Chennai

Participated as part of a team in developing MedScan and qualified for the first evaluation round based on problem relevance and solution approach.

V-Fiesta 3.0, Jyothi Engineering College, Thrissur

Attended and participated a national-level entrepreneurial techno fest organized by the IEEE PIE Kerala Section.

Smart India Hackathon

Participated as part of a team in AI-Driven Train Induction Planning & Scheduling for KMRL and secured Institution Level Selection.

CERTIFICATIONS AND COURSES

- **AI Fundamentals** - IBM SkillsBuild
- **Linguaskill English Proficiency** - Cambridge English
- **MERN Stack Development** - Zero Pixels Technologies Pvt Ltd.
- **Python for Data Science** - NPTEL
- **Introduction to Machine Learning** - NPTEL
- **MATLAB** - Statistics, OOPs, Optimization, Simulink
- **Generative AI** - IEEE & IEEE SB MITS
